The second trial of the damage suit of Henry Geesen against James Saguin has been specially assigned for this afternoon in the district court before Judge Macy At the former trial Geesen secured a verdict of \$1.100. On motion of the defendant Judge Greene, before whom the case was tried, ordered the verdict set aside unless Geesen decided to accept \$500. This Geesen agreed to do, but later the verdict was set aside by Judge Green on further motion of the defendant, who claimed to have discovered new evidence. Geesen was injured while working for Saguin in Omaha on one of the viaduets.

AMERICAN ASSOCIATION A GO.

Indications New League Will Compete Next Year with the National.

CHICAGO, Oct. 8.—At a meeting today of he western members of the new American (association of Bass Ball clubs, representing Chicago, St. Louis, Milwaukee and Derott, President D. H. Quinn was ordered o call a meeting for the complete organization of the new association at New York on Phursday, October 28.

President Quinn had letters from Secretary Hough at Philadelphia announcing that he eastern end of the new absociation was fast rounding into shape and that is, applications for membership had been received from eitles in that section. Only four of these will be accepted, as the new association has determined to limit its membership to four clubs in the east and four in the west. The president received communications from some of the leading National and Western league players assuring the new association of their friendship and willingness to Join its clubs. The communications, it was stated, seemed to indicate that the new league will have no trouble in securing all the first-class players it may need.

It Has No Ash Pan WHY?

Because it is impossible to make a joint of cast iron and steel and have an air tight stove.

Because without an ash pan it is a base heater equaled only by base heating hard coal stoves.

Because it costs twice as much to make it with a riveted bottom is no reason why we should use a cast iron bottom. Because some other hot blast has "an ash pan" do not think it is the warmest.
